

POSITION DESCRIPTION

Position details

Position Title	Incident Manager/Analyst
Team/Branch/Group	CERT NZ/Service Support & Design/Market Services
Location	Wellington
Date	October 2016

Our purpose

Our purpose is to grow the New Zealand economy to provide a better standard of living for all New Zealanders. To achieve this, we need a strong, high performing economy, where for example, people (workers, consumers and investors) are protected and aware of their rights and obligations; and the integrity of the environment is maintained.

As one of New Zealand's largest government agencies, the work we do impacts the lives of all New Zealanders. We work to increase household incomes by helping businesses to be more productive and internationally competitive, increasing opportunities for all New Zealanders to participate in the economy through improved job opportunities, and by ensuring quality housing is more affordable.

This is all echoed in our Māori identity – Hikina Whakatutuki – which broadly means “lifting to make successful”.

How we work

Our aspiration is that MBIE is a great place to work where great work gets done.

We believe in harnessing the potential of our people and the diverse skills and life experiences they bring to MBIE.

Our targets are challenging and require us to work with others, and across the Ministry (making the most of our size and scope).

Our people will need to adopt a generous disposition and actively seek out opportunities to be purposely collaborative across MBIE. This means asking ‘why not?’ instead of ‘why?’, and leveraging off the collective that is MBIE in the pursuit of goals that stretch right across teams, branches and groups.

We work across government, and New Zealand, in a way that enables us to expand and deepen our understanding of businesses and markets. We use our extensive presence across New Zealand and around the world to make and leverage domestic and global connections.

With our Crown entity partners we work collaboratively with other government agencies; local government; businesses; industry, sector, union and employer groups; consumer groups; Māori leaders; and scientists to develop and deliver fit-for-purpose policy, services, advice and regulation that support people, businesses, communities and regions to be successful.

As the lead agency for providing government services for business, we are focussed on making it easier for business to interact with government.

Our character

Shape We shape the agenda by challenging the status quo, and by generating and adopting new ideas, to bring those ideas to life.

Collaborate	We support each other, engage early and proactively partner in pursuit of shared goals.
Deliver	We have a can do attitude, take ownership, act with purpose, urgency and discipline, take calculated risks, celebrate success and learn as we go.

Our structure

The Ministry comprises around 3,200 staff operating in New Zealand with a further 400 staff in overseas locations.

The Ministry has seven business groups: Building, Resources and Markets; Corporate, Governance and Information; Finance and Performance; Immigration New Zealand; Labour, Science and Enterprise; Market Services; and the Office of the Chief Executive.

The Incident Manager/Analyst position reports into the Operations Manager in the Market Services business group.

The functions in this group are:

- Resolution Services
- Service, Support & Design
- Consumer Protection & Standards
- Business Integrity Services
- Better for Business (R9)
- NZ Government Procurement & Property
- Integrated Regulatory Enforcement (IREB)
- Labour Inspectorate
- Business Management

Service Support and Design Branch

The branch is critical to ensuring the Group delivers efficient, effective and value-added services to consumers and business. It is responsible for leading or supporting the delivery of transformative cross-MBIE and cross-Government programmes, creating a critical mass of capability to underpin fact-based systemic thinking, innovation and smarter service delivery across the group. It is responsible for leading the cross-Group business analysis and leading performance management, systems improvements, and championing service transformation programmes.

CERT NZ

The establishment of a national CERT is a key element of New Zealand's Cyber Security Strategy 2015 and will contribute to the delivery of the Strategy's vision of 'A secure resilient and prosperous online New Zealand'.

A CERT is an organisation that receives cyber incident reports, tracks cyber security incidents or attacks, and provides advice and alerts to its customers on how to respond and prevent further attacks. CERTs also work closely with their international counterparts to prevent and respond to cybersecurity incidents, and address cybercrime. CERT NZ will provide services from 7am to 7pm Monday to Friday, with 24/7 response to serious cyber incidents. CERT NZ staff may have a requirement accommodate a 24/7 duty roster and could be called upon out of hours in an emergency.

Establishing a national CERT means New Zealand joins an international network of CERTs, improving our access to information on potential or real-time cyber-attacks. It will help New Zealand play our part in a global effort to improve internet security. Ultimately, New Zealand will become a more trusted business and security partner.

Position purpose

The Incident Manager/Analyst is responsible for triaging, managing and investigating incidents which will include ensuring that appropriate advice is sent out to affected parties, to warn them and inform them on how to mitigate the threat.

Key relationships

- CERT NZ Operations Manager
- CERT NZ Management Team
- Staff within CERT NZ
- Government agencies, including the National Cyber Security Centre, NZ Police, and the Department of Internal Affairs
- Managers across the public and private sectors
- Service providers
